

REMARKS

The instant amendment is filed as a supplement to the Amendment filed December 15, 2003 in order to correct the preamble of claims 34, 35, 38 and 39 to correctly define the claimed invention as an "industrial disinfectant composition." Claims 28-39 remain pending.

In view of the instant amendment and the foregoing Amendment of December 15, 2003, Applicants respectfully submit that the present application should now be in condition for allowance. The Examiner's reconsideration and withdrawal of the present rejections is respectfully requested. An early Notice of Allowance is courteously solicited. However, should the Examiner believe that there are further issues remaining to be resolved to place the application in condition for allowance, she is invited to contact the undersigned.

Respectfully submitted,
